## **1. EVENTS**

There shall provisionally be up to **ten** rounds for each class to be held in each calendar year, the number of rounds to be run and to count in each class to be specified in 'Dates and Venues'.

All documentation should describe the event as the —

**“EASTERN CENTRE TRIALS CHAMPIONSHIP *A, B, C, or D and Round No ..*”**

Regulations for each Championship Round to be published in the Eastern Centre Gazette.

Each event may be run either for all classes or separate at the discretion of the Eastern Centre Trials Committee.

## **2. ELIGIBILITY**

Each trial shall be open to any driver who is a member of any Club affiliated to the ACU Eastern at least one month prior to the event. Such drivers shall be eligible to score points for their nominated club which shall be that declared on their first entry for the Championships. Once a driver has declared himself in this way to be a member of a particular club, he may not score points for any other club during any one Championship year unless his former club shall have ceased to exist in the course of that period.

Riders who ride a championship trial as either an Expert A or Intermediate A, cannot then score points as the relevant Expert B (Experts riding down) or Intermediate B (Intermediates riding down). This rule does not apply to Twinshock and Pre 70 classes.

Pre 70 machines must be of a type built in Britain before 31/12/69, and be fitted with British hubs, engine, gearbox, carburettor, and frame, replicas of these parts are allowed but must be the same as the original silhouette. Fork sliders must look like a type used on British bikes at that time, internal modifications are allowed and the maximum allowed diameter is 35mm. Amal Mk2 carburettors are not allowed. All Pre 70 machines must use tyres with tubes. The responsibility to prove that a machine complies with the rules rests with the competitor.

All Twin Shock Machines must be Air Cooled, no disc brakes and originally built as twin-shock, i.e. no converted mono-shocks

#### **4. ENTRIES**

No limit shall be placed on the number of entries to be accepted up to the closing date of an event. All competitors, who have entries accepted, will qualify to score championship points in the appropriate class.

All championship trials, except Class D, must have a closing date which is recommended should be at least 2 days prior to the event, and no entries on the day.

For the trial to qualify as a Championship event there is no minimum number of entries per class.

#### **5. STARTING POSITIONS**

The organising club can decide if the first lap of their Expert Championship round will be a counting or a non counting lap. If non-counting a score will be given but not included in the results. This must be declared in the regulations and there must be planned for a minimum of 30 sections to count.

All riders in each class will start at the same section. (All Experts at No 1/all Inters at No 6 for instance.)

All sections must be done in numerical order from the starting section specified for that class.

A Time Limit, of between 4-5hours, can be imposed by the Club running the event, this will INCLUDE the Experts unmarked lap (above).

## **8. RESULTS**

At the end of the year the counting scores of each rider in each category shall be totalled. For each class, the maximum number of counting rounds will be one less than the number of championship trials organised for that class. The highest scoring rider in each category shall be declared Centre (Class) Champion and the highest scoring club shall be declared Centre (Solo/Sidecar) Champion Club.

Should a tie occur in the Individual Championships, the better placing shall be for that rider who has the most 1st places, the most 2nd places and so on. If a tie still exists then the rider's best result in the most recent round to decide.

Should a tie occur in the Club Championships, the score from the final round shall be taken into account. Should a tie not be resolved by these means then the clubs best result in the next most recent round to count.

The pre70 Champion will be the overall winner. Class awards e.g. two-stroke, four-stroke, Unit, etc. shall be given to the highest placed rider from that class in the overall result.
