Well that was interesting !! The weather certainly took its toll even with several changes to the severity of the sections...two of which were under water at 8.00am this morning. If anyone thinks we should have made further changes, the door is always open for your help. A massive thanks therefore to the ten observers Pat, Tony, Thorne, Ron, Carol and Phil, John, Geoff, Brandon, Strawb and Caroline who stood out in the cold for your entertainment. It still staggers me that several experienced and mature riders do not thank the observers after their last lap ride. Is it too much to ask to thank the people that made your days sport !!
